Re: Residential Solid Waste Sanitary Services - Request for Proposals (RFP)

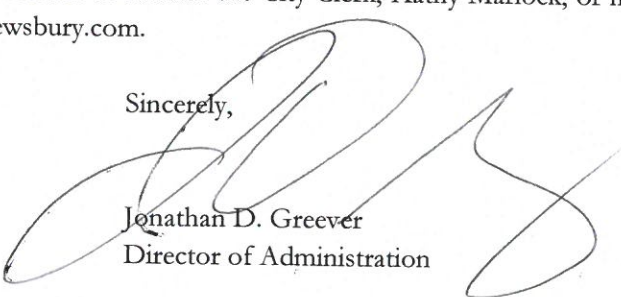

Dear Service Provider,

The City of Shrewsbury is issuing an RFP for the provision of residential solid waste sanitary services for the next three years, with two additional, single-year City options. Sealed bids will be received by the City of Shrewsbury at the City Clerk's Office located at 5200 Shrewsbury Avenue, Shrewsbury, Missouri 63119, until Thursday, April 20th at 12:00 p.m. (CDT), at which time they will be publicly opened. The service specifications, requirements, and general information are included in the enclosed RFP.

Please note that there are approximately 2,467 households in the City of Shrewsbury that receive solid waste services. The types of households include: detached single structure residential dwelling units, attached single structure dwelling units, as well as two-unit structures and some multi-unit structures (e.g. condominiums/apartments up to four units per structure). Note that the solid waste sanitary service provider will conduct all billing and handle all customer service matters directly with the residential clients.

If you have any questions, please do not hesitate to contact the City Clerk, Kathy Marlock, or myself at 314-647-5795, or by email at kmarlock@cityofshrewsbury.com.

Sincerely,

Jonathan D. Greever
Director of Administration

Cc: City Clerk, Kathy Marlock
