

Street repairs update and schedule

The city has been allocating funds to do some larger scale street repairs and street resurfacing for the past few years and for some years to come, see a list of past and present repairs below.

2015:

A total of 19,156 sq. yards of chip seal was applied to.

Sutherland Ave (Laclede to Shrewsbury)

Devonshire (West city limits to East city limits)

Exeter Ave (Sutherland to dead end)

Chapelford Ln (Appx. 486 sq. yards of concrete street slabs were replaced. These slabs were partially funded by St. Louis County Development Block Grant).

2016:

St. Michael Ave. (Sutherland to Murdoch)

Jacobs Old Coal Rd. (Devonshire to Weil)

Melbourne Ave. (St. Vincent to pool parking lot)

Murdoch Ave. (7234 to 7308)

St. Vincent Ave (Melbourne to Lansdowne)

Lansdowne (Shrewsbury to dead end)

Somerworth Ln. (Appx. 327 sq. yards of concrete street slabs will be replaced. These slabs are partially funded by St. Louis County Development Block Grant).

(We will also be doing various street patching throughout the year)

2017:

St. Charles (Hazel Ave. to Murdoch Ave.)

Verguene Ave (Weil Ave to Murdoch Ave)

Annette Ct. (Weil Ave to dead end)

Weil Ave (Wilshuesen Ave to Laclede Station Rd.)

Sandau Ave (Weil Ave to Garden Ave)

Danbury Ave (Weil to Murdoch)

1/12/2017
